

About Us

A word from the owner:

NATURALLY YOU was started in 1989 by me, Janette. I have done permanent coloration only since the day I opened. That is, permanent eye brows, eyeliner, lip liner, full lips, beauty marks, scalp coloration, areolas, and other camouflage. Since I do only the permanent coloration, I have done hundreds of procedures. My clients come from all over the state and all over the country. My clients are from early 20's to 88. My clients are both men and women, although mostly women.

I do all of my procedures conservatively. The average number of visits for a cosmetic procedure is three. The price is the same if you come only once or six times. The object is to get your procedure just the way you want it to be. You get immediate benefits the first visit and the following visits are for fine tuning, for want of a better word.

What permanent make-up does for you is to give you the freedom of getting up in the morning and looking great, going swimming and not looking like an alien or have dark smudges under your eyes, you can sweat (I know you ladies from the south don't sweat, I had one tell me that years ago) and wipe your face off and still look alive. It is not about vanity, it's about saving time and looking your best with the least amount of effort. I have yet to have a client who didn't feel permanent make-up was the best thing she had ever done for herself, should have done it years ago and was the best money she had ever spent.

I am very good at what I do and would love to have the opportunity to answer any questions you might have. Call me at (952) 881-5008. Sincerely,

Janette Leaf
